Future Goals

To do more impactful research and groundbreaking innovation in my area of interest, publish manuscripts in impactful journals, gain grants, receive more awards and recognition, become a keynote speaker at conferences and collaborate more globally.

AMVPIP Experience

Enriching journey and remarkable experience. I got connected to like-minded researchers and students in my area of interest. I was involved in all the meetings and workshops organised by my host university and supervisors. I was an active member of the EMPOWER Research Cluster. I have gained connections to more researchers from universities in Europe, USA, and Australia.

Key Takeaways

- 1) Growth and development
- 2) Impactful networking
- 3) Self-promotion for visibility.
